- Operating pressure: 3.0–4.0 bar
- Total weight: 60 kg
- Dimension: 355mm × 690mm × 895mm
- Max. length of extended arm and cuspidor: 580mm

- Warranty: 2 years
- Options: Curing light

Master-Vac
Worldwide unique assistant

The elegant MASTER-VAC is the first fully stand-alone suction cart whose functionality surpasses even fixed units.

The ceramic cuspidor, which is mounted on a movable arm, can be flexibly positioned under the patient's mouth. This makes rinsing the mouth easy for all patients, regardless of fitness, age or body size. During treatment, you as the dental professional will be assisted by a three-way syringe and an impressive suction capacity (300 l/min) that outperforms many fixed units. No costly installation work and still best comfort due to unique advantages.

- Continuous Operation
- Full Performance
- Plug-and-Play
- Mobile/Rollable
