

Looking to add CBCT capability to your practice...

Without the upfront cost

The Carestream CS 8200 Advance Edition is now available on a flexible rental solution, giving you clinical confidence, workflow efficiency and predictable weekly costs.

Rent the Carestream CS 8200 Advance Edition CBCT for as little as \$527.63^{inc GST} per week

That's the equivalent of only 2 CBCT scans per week at typical private scan fees.

Why rent the CS 8200 Advance Edition?

- Panoramic + CBCT in one compact system
- Selectable Field of View – ideal for implants, endodontics, orthodontics and oral surgery
- High quality, detailed imaging for confident diagnosis
- CS 3D Premium Software – faster implant planning, simplified 3D case sharing
- Compact footprint – suited to practices where space is limited
- Carestream reliability trusted worldwide
- PLUS 5 years warranty, Free 1 year subscription to CS 3D Premium software. Computer included.

Renting lets you expand, upgrade or replace equipment quickly, while keeping your capital free for other priorities.

Flexible. Professional. Worry free.

Contact our Equipment Team today on 1300 486 252 to request rental pricing or book a demo.

* Delivery and Installation only to Metro cities. For Regional areas, extra charges will apply. Price indicative only for the CS 8200 Advance Edition. Rental subject to term, configuration and availability. Rental agreement is for fixed 5 year term, payable in monthly instalments through a third party finance company. All prices INCLUDE GST. Terms and conditions apply. Warranty and service contracts available may comprise additional fees independent of this Offer. Valid until 30 June 2026. Please seek independent professional advice from your accountant or tax adviser to confirm the tax treatment specific to your circumstances.
